

Accounting Solutions

Income Tax Return Service Provider

Happy New Year! Welcome to the 2025/2026 Tax Season.

Please note the following features of our process this year.

We will continue to offer ***Drop-Off Tax Returns*** in place of in-person meetings. The drop-off option allows us more time to thoroughly analyze your return, ensuring accuracy while maximizing your results.

Our convenient ***In-Wall Drop Slot*** provides a secure place to submit paperwork at any time—day or night. Park in the back of the building, and the slot is located on the driveway-side wall. You may also email your documents to acctsolutions716@gmail.com, mail them, or bring them into the office during business hours.

Important: You must complete the **YELLOW SHEET** and submit it with your paperwork. It includes important personal details and questions needed to accurately prepare your return.

We are fully prepared for the new legislation, commonly referred to as ***'The Big Beautiful Bill.'*** This law brings significant benefits for most taxpayers, including seniors, tipped and overtime workers, small business owners, families, and nearly all filers. We will help maximize your benefits while ensuring full IRS compliance.

We will continue offering ***Secure Electronic Signatures***. Please include your email on the Yellow Sheet for a smooth signature process.

TAX ORGANIZERS: Visit our website at www.tax716.com to access useful tax organizers for rental property owners, small business owners, and general tax items for all filers.

Thank you for your continued support and we look forward to working with you again this tax season. - Jeff Kelchlin
